To

Fareeza Hanees

Human Resource Manager

International Committee of the Red Cross (ICRC)

29, 5., Layards Rd

Colombo, Sri Lanka

Dear Ms. Hanees,

As a fresh graduate in the biotechnology field, I am writing this letter to express my interest in the forensic anthropologist position at your company which I learned about in the newspaper.

Throughout my 4 years at Sri Lanka Institute of Information Technology (SLIIT), I developed a passion for forensic science and I have been equipped with the necessary knowledge and the amount of dedication that comes with this position.

During my 4-month internship at Sri Lanka CERT|CC, I had the privilege of assisting a senior anthropologist in laboratory procedures, researching on discoveries and in investigations. In addition, my active involvement in extracurricular activities and clubs has tremendously helped me in enhancing my communication and leadership skills which are vital in this field.

For addition details regarding my expertise and qualifications, please review my resume attached with this letter.

Thank you for taking your time to review my application and I look forward to hearing from you at your earliest convenience.

Sincerely,

Sashini
